

AEROPLANES USED TO COMBAT STRIKE ON GERMAN ROADS

Train Traffic Paralysis Is
Complete—Berlin Union
Joins Walk-Out.

BERLIN, Feb. 3 (Associated Press).—Germany's railway strike, which has almost completely tied up all kinds of traffic since Wednesday midnight, became even more complete to-day when the Berlin branch of the railway union joined the ranks of the strikers this morning. It was estimated to-day that 7,000 engine drivers were now striking.

Passenger and freight traffic in North Germany is at a complete standstill. Undelivered mail has begun to accumulate. Postal authorities are maintaining aerial service for urgent mail and passenger purposes. Efforts to maintain the milk and food supplies for Berlin have failed. The newspapers have considerably reduced their size and number of editions.

The Government's manifesto declaring the strike illegal has aggravated the situation. The Executive Committee of the Berlin Labor Federation to-day adopted a resolution in favor of issuing a manifesto denying subordinate officials the right of association and demanding cancellation of the manifesto published by the Socialist press supporting the claim for such right.

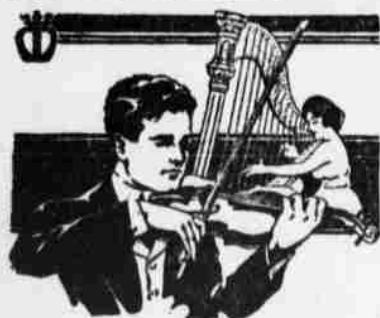

STATEN ISLAND GETS WATER DESPITE LEAK

Pressure Low but Can Be Increased
in Case of Fire.

Except for a few sparsely settled high points, Staten Island was receiving its normal water supply to-day, in spite of the break of yesterday in the 36-inch water pipe line conveying the regular supply from the Catskill watershed.

The pressure was reduced in order to conserve the supply, which now comes entirely from the Silver Lake Reservoir in Staten Island and five wells of the City Water Supply Department on the island. In case of fire it can be increased. Divers continued work on the break to-day.

\$100,000 IN DRUGS STOLEN IN TRANSIT

Government Agents Seek to Prevent
Placing of Loot on
Underworld Market.

PHILADELPHIA, Feb. 3.—Government narcotic agents are to-day making search for \$100,000 worth of morphine and cocaine which, stolen here on Jan. 5, they fear will soon be thrown on the underworld market. News of the theft was revealed when officials of a New York drug

company printed advertisements here announcing reward for any information leading to recovery of the goods. The company purchased the drugs at a sale. Barney Puro, a truckman, was hired to haul them to New York. He took them to his home, it was learned, where two men appeared, representing themselves as representatives of the New York firm, and said they would take the drugs themselves. No arrests have been made.
